WE ARE WITNESSING three global wars being waged at the same time:

The "war on terror," the "war on the West," and the "war against Assad."

Only in a Jew-controlled environment with Jewmerica at the lead could such a bizarre and monstrous state of affairs exist.

While the French mourn their disastrous plight brought to a frightening height in the terrorist attacks last Friday, one needs to step back to see the forest for the trees.

Ever since the creation of Israel in 1948 accompanied by the murders of Palestinians, the theft of their lands, and the very real **systematic** "terror" carried out by the Jews against the Palestinians, there's been nothing but chaos in the Middle East and around the world.

Palestinians were never terrorists, but suffering a travesty of justice, their only recourse has been to fight back against a military occupation force by whatever means of popular resistance available, having no military of their own.

For this they've been labeled by the **Jew-controlled** press as incorrigible "terrorists."

Through violent images and matching hysterical headlines, the Jews who **own** the media have etched into the consciousness of Western man a *Portrait of the Palestinian*:

A dangerous terrorist who could kill you at the concert, the restaurant, or on the bus.

No surprise that Netanyahu (leader of world-wide Jewry and don't let any Jew say it isn't so) has **just** offered France 'anti-terrorism support' complete with all the resources that Israeli security and intelligence agencies can provide.

JEWS TO THE RESCUE! Bibzy's the hero! Terrorists ('Arabs') are the villains!

And the Palestinian 'Arabs' stay locked in their *Jew-sustained* branding: Dangerous terrorists who look like Isis terrorists.

There's a **deep-state** Jewish influence in France as in all of Western Europe.

And like the Charlie Hebdo attack, the Jewish Lobbies aren't going to let a crisis go to waste.

Even Le Pen has **taken up** the script: "Islamic fundamentalism must be annihilated!"

And the war on terror will be shadowed by the war on the West.

It's not going to end...and the Jews take the spoils.

It could be another false flag, as time shows the Hebdo situation has been, so many concur.
Decidedly the timing seems too co-incidental.
A Russian plane is downed, ISIS claims responsibility, and Charlie Hebdo brings out an atrocious cartoon.
Then on 13th November, 2015, various world leaders speak of the danger of World War III as a result. The numbers 13, 11 and 15 have importance in the Jewish Kabbala.
So, oh me, oh my, Netanyahu offers France anti-terrorism support.
It is recalled that the war on terror was initiated after 9/11 which was falsely blamed on Moslem never trained pilots. America has paid a price in her sons killed and her coffers being gradually emptied.
On the other hand, many leaders there, some of dual citizenship, have benefitted from manufacture of armaments and their ongoing drug trade.
Iraq virtually has been destroyed. Thus a war on the West was engineered and provoked. Now many Moslems are angry with surely hopes of retaliation.
Americans themselves are fed a diet of false information and propaganda against the Islam threat. Islam at its inception did wage much war.
Then she settled down and in many Middle Eastern countries Moslems and Christians have lived side by side in neighborly relationship. ISIS is murdering many and making willing martyrs of brave Christians, all in the name of Islam, but falsely so.
A clash between so-called Christian countries and Moslem ones is being hurried along, stoked by fear of lies, deceit and evil actions from Israel. She would empty Palestine of all Arab control to have the land all to herself.
Her present continuous attacks on the ones she has plundered indicate such a goal.
Surely this engenders fury in the Moslem world.
The real reason the U.S. is warring against Assad, with a desire to have him out of the scene is that Israel wants it so. The Jews hates Christianity and the Orthodox Church.
As well they hold a decided antipathy against Islam with the goal of ridding the world of that religion. Lust for power, control and the wealth under the ground in Syria, and surrounding Middle Eastern countries, pushes forward the war against Assad.
The Western media portrays an opposite but veniously untrue story of all three wars.
Christians against whom Zionism would most of its hatred should note this as indeed should those of other religions. They also are not exact winners of its favoritism.

Due to personal crises this week, I didn't even know about the Paris attacks until just yesterday, but already they have the "look and feel" of a crisis actor set up, as in there is no visible blood anywhere, but we see plenty of what could be crisis actors.
Now, who outside of Jew-controlled Hollywood would ever dream of concocting a make-believe terrorist crime scene and then try to make the world believe that it's real? Who would have the chutzpah to even attempt such a thing? None other than your filthy-minded Hollywood kitz with morbid imaginations and way too much money to burn.
Now, as I stated, I have not had the time to fully look into this matter, so this thing could still be real. We can never put that past them. But let's just say my BS detector is set on full alert now.

IMO, there's no video evidence at all to support the narrative that anyone was killed in Paris. Police have one or two of their number lie down and be covered with a sheet to simulate death.
One stunt was the carrying of a man, who had only his black shorts on, by his arms and legs. Incidentally, a moment. Does that make sense doing that to a supposedly injured person? Pause. I don't, not in the least bloodied. All movie set stuff.
Another was the one with the streak of simulated blood splashed vertically on his shirt, for a stain of that pattern could only be produced by something like a plastic bottle of tomato sauce, top unscrewed, suddenly squeezed very hard to cause an eruption of contents.
A store window had a large irregular sized hole in it - not jagged, as if caused by a brick through it. Another store window had craze radiating from an impact, probably caused by a hard jemmy bar strike. It's possible that the glass was of the laminated kind to keep the shards in place.
On a street corner was the scene of street bin rubbish strewn about, to convey an ubiquitous sense of violence, when I could see that it had been contrived, as if by rowdies staggering home from a pub at 3am. Honestly, people, why would terrorists with AK47s and suicide vests bother with smashing a store window with a brick or jemmy bar - no bullet holes?
Two times, while putting this together, the screen disappeared. Not all was lost, for in anticipation, I copy at intervals as I go. Another trick is the planolia effect; at key points in the narrative, the delayed appearance by many many seconds of the letters typed, hoping to confound. Interference by Wi Fi is the only explanation, when they can see which way my composition is going.

Who was behind the terrorist attacks in Paris? The Parasites.
This secret war with false flag attacks is not fooling everybody or every country.
The lies are thriving and it seems there is no hope, but look at the former Soviet Union; it is being replaced by Holy Russia.
One day the West will also shake off the parasites.

Those who enabled these invaders to be allowed in must be stripped of all material possessions to be turned over to the Families and Survivors.
Start with ALL of George Soros' wealth and go on down the line. The invader enablers committed these acts by proxy and must pay full reparations.
Jewish Billionaire George Soros has confirmed he wants to bring down Europe's borders, following the accusation made last week by Hungarian Prime Minister Viktor Orban.
"This invasion is driven, on the one hand, by people smugglers, and on the other by those (human rights) activists who support everything that weakens the nation-state," Mr Orban said.
Mr Soros has now issued an email statement to Bloomberg Business, claiming his foundations help "uphold European values," while Mr Orban's actions in strengthening the Hungarian border and stopping a huge migrant influx "undermine those values."
"His plan treats the protection of national borders as the objective and the refugees as an obstacle," Mr Soros added. "Our plan treats the protection of refugees as the objective and national borders as the obstacle."
Already Israeli businessmen are buying up land in northern Iraq, where ISIS(rael) has depopulated an entire region, overwhelming Europe with refugees in the process.

Either repatriate these animals or move the invaders into the homes of those who say they want them, NOT into OUR neighborhoods, INTO THEIR HOMES.
MAKE every son of a bitch who wants these invaders pay for them.
Take the money from all who insist we welcome them. Take the money from the Bush, Merkel, Soros, Reid, Cheney, Pelosi, Rove, Graham, McCain, the Pope, etc. families who caused this mess.
Take their family wealth, they can live with the invaders they love so much.
Do not "ask" them to contribute. Take their wealth because they are TAKING MOURS.

Call me terribly cynical but this just stinks of false flag.
There is no way that millions just start migrating out of the Middle East into Europe because of a sudden impulse to do so. Some very powerful supporting group is behind this and it simply is not clear what would be the motivation for such a massive invasion. This mass movement of people across European borders equates to genocide.
Who has the most desire to empty the Levant of Arabs and send them packing to Europe. You kill so many birds with that one stone it's irresistible.
IS-rael & ISIS-rael, one and the same. This flood of Muslim refugees into White Christian Democratic Europe is a repeat of ISIS's actions in 1948.
Terror used to depopulate areas that Israel wishes to grab for "Greater Israel" and at the same time to dilute and destroy Christian Europe.
<http://journal-neo.org/2015/10/23/america-s-coalition-of-treachery/>

Before the state of Israel was founded, the terrorist underground militias that were to become the Israel "Defense" Forces committed over 100 massacres of civilians. The atrocities intensified in the 1940s leading up to the "declaration of independence."
In March and April 1948 alone over 25 massacres were committed including infamous ones such as Tantura and Deir Yassin. Israeli leaders themselves credited these actions as of great use in getting the Palestinians to evacuate Palestine so that a Jewish state could be established without a demographic "burden" of "non-Jews" (Christians and Muslims).
The massacres continued after the war with government ordered slaughters at Kufr Kassem in 1956 (see taayush.org/?p=308) and more until the latest slaughter of 1400 in three weeks in Gaza (most of them civilians). This showed that the state of Israel is still addicted to these policies of terror.

"The Zionist version of the Palestinian exodus is a myth manufactured after the cataclysm took place. If the Zionists could show that the refugees had really fled without cause, at the express instructions of their own politicians, they would greatly erode the world's sympathy for their plight — and, in consequence, the pressure on themselves to allow them to return.
"Thus in public speeches and scholarly-looking pamphlets they peddled this myth the world over.
"It was not until 1959 that the Palestinian scholar Walid Khalidi, exposed it for what it is. His painstaking researches were independently corroborated by an Irish scholar, Erskine Childers, two years later.
Together, they demonstrated that the myth was not just a gross misrepresentation of accepted or even plausible facts; the very 'facts' themselves had been invented. Orders for the evacuation of the civilian population had not simply been issued, the Zionists said, they had been broadcast over Arab radio stations. One had come from the Mufti himself. This was the cornerstone of the Zionist case.
Shortly when these two scholars took the trouble to examine the record — to go through the specially opened archives of Arab governments, contemporary Arabic newspapers and the radio monitoring reports of both the BBC and the CIA — they found that no such orders had been issued, let alone broadcast, and that when challenged to produce chapter-and-verse evidence, the date and origin of just one such order, the Zionists, with all the apparatus of the State of Israel now at their disposal, were quite unable to do so.
"They found, on the contrary, that Arab and Palestinian authorities had repeatedly called on the people to stay put and the Arab radio services had consistently belittled the true extent of Zionist atrocities."
—David Hirst, The Gun and the Olive Branch, Faber, 1977, pp. 136-7.

This ex-Marine points out how the so-called "War on Terror" is nothing more than a well-planned strategy to be in a "perpetual state of war to destabilize the region for the Greater Israel plan. <http://investmentwatchblog.com/ex-marine-blows-whistle-on-israeli-false-flag-and-real-agenda/>

Either repatriate these animals or move the invaders into the homes of those who say they want them, NOT into OUR neighborhoods, INTO THEIR HOMES.
MAKE every son of a bitch who wants these invaders pay for them.
Take the money from all who insist we welcome them. Take the money from the Bush, Merkel, Soros, Reid, Cheney, Pelosi, Rove, Graham, McCain, the Pope, etc. families who caused this mess.
Take their family wealth, they can live with the invaders they love so much.
Do not "ask" them to contribute. Take their wealth because they are TAKING MOURS.

Some very powerful supporting group is behind this and it simply is not clear what would be the motivation for such a massive invasion. Before the state of Israel was founded, the terrorist underground militias that were to become the Israel "Defense" Forces committed over 100 massacres of
